

Workshop on Database and Data Mining

Call for Papers

Aim and Scope

2013 Workshop on Database and Data Mining intends to provide a forum for researchers, educators, and professionals to exchange their discoveries and practices. The workshop also explores future trends and applications in these areas and other related areas. Your participation at the workshop would be an excellent opportunity for you to meet other researchers and to discuss the technology advancements. The 2013 National Computer Symposium (NCS 2013) will be held from December 13-14, 2013 at Asia University, Taichung, Taiwan.
