

Workshop on Applications and Services of Digital Living Technology

Call for papers

Aim and Scope

2013 Workshop on Applications and Services of Digital Living Technology is one of the major activities in 2013 National Computer Symposium (NCS 2013), which intends to provide a forum for researchers, educators, and professionals to exchange their discoveries and practices. The workshop also explores future trends and applications in the areas of digital living. Your participation in the workshop would be an excellent opportunity for you to meet other researchers and to discuss the technology advancements. NCS 2013 will be held from December 13~14, 2013 at Asia University, Taichung, Taiwan.
