### **Call for papers**

#### **Aim and Scope**

Computer and Internet crimes are on the rise due to the fast paced development of computer and Internet technology and the techniques to combat these crimes are required more and more on a daily basis. Therefore, with the focus on subjects related to information security, Internet communications and electronic business security become very essential. **2013 Workshop on Digital Forensics, Security and Privacy** intends to provide a forum for researchers, educators, and professionals to exchange their discoveries, practices and cutting-edge research achievements covering those aspects of the forensics and security areas. The workshop also explores future trends and applications in these areas and other related areas. Your Participation at the workshop would be an excellent opportunity for you to meet other researchers and to discuss the technology advancements. The 2013 National Computer Symposium (NCS 2013) will be held from December 13-14, 2013 at Asia University, Taichung, TAIWAN, [http://www.asia.edu.tw/Main\\_pages/English\\_Pages/index\\_English.htm](http://www.asia.edu.tw/Main_pages/English_Pages/index_English.htm)

The better paper presentations will be then recommended to the next journal paper reviews AT indexed EI, SCI/Springer (Open Access)/KITCS/FTRA/InderScience journals.
